FIRA

FIRECLAY WORKSTATION SETS

AGELESS, PEERLESS FIRECLAY

Only the finest materials are selected, then skilled artisans expertly blend their craftsmanship with meticulously chosen, high-quality materials to create the Fira sinks.

The rigorous process that each sink undergoes ensures dimensional stability and a perfectly smooth, non-porous finish. The firing process not only makes the surface impervious to dirt, it also fuses the materials together for improved impact and scratch resistance.

Experience the perfect harmony between functionality and elegance with the Fira sets. Featuring an accessory ledge and various configurations, they transform into true workstations with essential walnut accessories crafted by local artisans.

005441

005442
