EVERYDAY STYLE NEW RELEASE IN 2019

PROINOX H0-H75 APRON SINK

MAKE A SERIOUS SPLASH

It's amazing what the right sink can do for a kitchen. With its refined, timeless beauty and intelligent design, the ProInox apron sink won't just provide you a place to slice, dice and rinse—it'll take your entire kitchen to a whole new level.

While the ProInox is designed with real life in mind, it's also made to fit your body. Cutting down on the space between the sink and

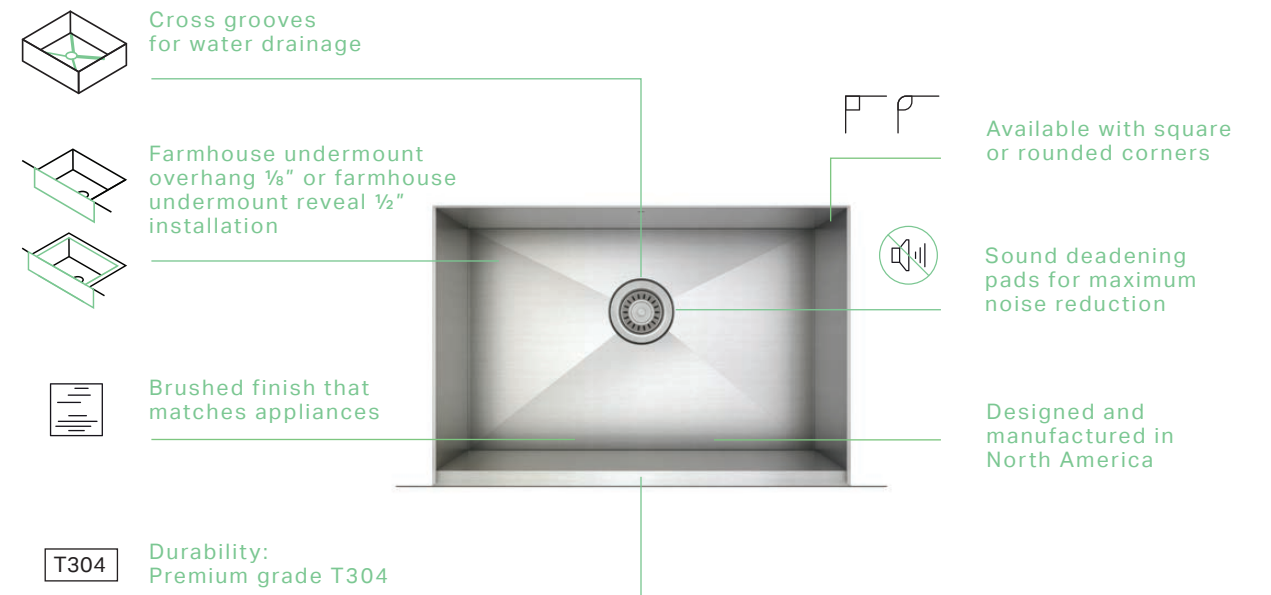

your body allows you to work a little closer to the sink, thereby lessening fatigue. What's more, the thoughtful design provides the option of a reveal installation to allow ProChef accessories to sit directly over the sink.

Sleek and smart. Modern and mindful. Durable and distinguished. The ProInox is truly a sink for every taste. And every kitchen.

- Can be installed with farmhouse undermount overhang or farmhouse undermount reveal
- Timeless farmhouse design
- Made from durable, high-quality stainless steel
- Available with square or rounded corners
